

Off the Vine Organic Produce is offering a green twist on gift giving this year, whether you are selecting a gift for the office, for the holidays, for birthdays, or for a new home.

One creative gift is the “Off the Vine ECO-HOME PACK” gift box, an eco-friendly Home Pack of earth-friendly disposable plant-based tableware. The gift pack includes: 50 cold cups & lids, 50 hot cups & lids, 10” oval plates, dinner napkins, and sturdy cutlery to make any homeowner green happy. The gift is packed in a fun reusable crate that can actually store the products in the pantry. The cups, lids, straws, and cutlery can be washed and reused. Plant-based products are very sturdy, yet biodegradable in 45 days when disposed.

Another gift is the “Off the Vine FRUIT & NUT” gift box, consisting of fresh organic jumbo flame raisins, organic cranberries, organic raw almonds, organic raw walnuts, and organic raw pistachio kernels. All 5 bags are ½ pound except the raisin, which are 12 oz. Also, fresh organic seasonal produce such as pears, apples, tangerines and melons will accompany this gift.

Off the Vine (OTV) has delivered organic produce to the homes of customers since 2002 and here on the Gulf Coast since 2007. They offer a weekly selection of seasonal fresh fruits and vegetables for delivery and now for pick up every Wednesday. They keep it simple—order online and receive it on Wednesdays. The weekly selection is posted every Sunday on their Home Page of their website, [www.offthevine.org](http://www.offthevine.org).

Growing rapidly, OTV has expanded its business on the Gulf Coast to include three organic produce pick up locations (in FWB, Destin, and Panama City). They have also opened an Everyday Organics ‘organic mini mart’ at the Central Market in the heart of Destin. It carries organic items such as raw nuts, cranberries, raisins, whole wheat flours, rolled oats, local jams & preserves, organic coffee, and Sparkman’s Dairy Milk—a South Georgia dairy that is antibiotic- and hormone-free and has grass fed their jersey cows since 1967.

OTV also operates the only CSA program the FWB to Panama City area that is certified organic. Committed to using locally grown produce, Off the Vine’s offerings are grown within 60 miles in Chipley, Florida.

To learn more about their services and to help support local organic farmers, visit Off the Vine’s website or call 850-374-2181.
